## Dear Shareholder TGBians,

It gives me immense pleasure to welcome you at the 15th Annual General Meeting of your company.

Despite challenging economic environment and Industry exposure, we have expanded our reach and further strengthened ourselves so that we can serve our customers better.

As envisaged, we have stuck to our positive business strategy by focusing on banqueting, a niche segment where your Company is very strong. We will continue to pursue our goals by further focusing on MICE as well as the weddings and celebrations segment this year and beyond.

This strategy has helped us in increasing room and banquet occupancy, thereby being doubly beneficial.

True to our promise of launching a chain of budget hotels, your Company opened two hotels under the name of TGB Express franchisees, one in Ahmedabad and another in Nadiad. Further to this we have signed up two TGB WCRAB – World Cuisine Restaurant & Banquets at Vapi and Jamnagar in Gujarat. Jamnagar is slated to open by this winter and Vapi will begin by early next year.

In the coming year, the business environment will continue to remain challenging and the competition will intensify. With our purpose driven products, passionate employees and your continued support, I am confident that we will continue to deliver growth that is consistent, competitive, profitable and responsible.

I would like to thank you, all our shareholders, for your trust and your wholehearted support.

## MANAGEMENT DISCUSSION AND ANALYSIS

#### Industry's Structure and Developments:

Tourism has now become a significant role in the Indian economy. It was expected that the tourism industry in India is likely to generate additional US \$121.4 bn of economic activity by 2015, and the hospitality sector has the potential to earn US \$24 bn in foreign exchange by 2015. The booming tourism industry has had a cascading effect on the hospitality sector with an increase in the occupancy ratios and average room rates. While the occupancy ratio is around 80-85%, up nearly 10% from three years ago, the average increase in room rates over the last one year has hovered around 22-25%.

The Government of India increased budgets on advertising campaigns like **'Incredible India'** and **'Athithi Devo Bhava'** to reinforce the rich variety of tourism in India. The India is promoted as a sate tourist destination worldwide by the Government of India and undertook various measures, such as stepping up vigilance in key cities and at historically important tourist sites.

The Theme & Event based campaign by Gujarat tourism directly attract tourist to travel Gujarat as holiday destination. The digital marketing and social media platform made this easier to comfortable travelling and role of digital marketing cannot be overlooked in the growth in the tourism industry in India. Further the rise in disposable income is also one of the key factor in the development of tourism Industry.

During the Financial year 2013-14, Depreciation of the Indian rupee against the dollar is of great concern to almost every industrial and service sector in the Indian economy. India's current economic woes are good news for tourists. Whether it is foreign traveler arrivals or domestic tourism, India's tourism industry is experiencing a real boom. The rising value of the dollar against the rupee has made quite an impact on the foreign travel plans of many Indian holidaymakers, prompting them to switch to cheaper destinations.

Currently domestic tourists constitute a very small chunk of the total tourist pie, the segment is growing. In the long term, the demand-supply gap in India is very real and that there is need for more hotels in most cities. The shortage is especially true within the budget and the mid market segment. There is an opportunity for budget and mid market hotels in India as travelers look for safe and affordable accommodation. The potential for this segment of hotels becomes more obvious in next year's. Safety has become a more prominent concern for tourists travelling to India. The Indian tour operators reported drop in business due to the cases like Delhi rap and, are inspiring other victims of sex crimes to bring their stories into the light, Safety and security issues must be taken and well understood in the context f tourism and are vital to providing quality in tourism.

#### **Opportunity and Threats:**

The analysts believe that the hospitality industry is having the tremendous opeertunites but it needs to cater and deliver as per the expectation of the customer and the industry to match with the local and international appeal at the different part of the world. The destination with Rich Heritage, Traditional, Cultural and Social Values are most likely travel destination among tourists visiting to India. Accelerating hospitality industry in Gujarat, the Gujarat government have focused on the theme and destination based advertising campaign and effort has been made to give the real leisure's to travelers and has formulated lucrative policy of investment to attract more investors to augment the overall hospitality infrastructure. Further Gujarat government has also provided more assistance for the investors in hospitality sector like tax holidays, interest subsidies, concession in electricity duty and tariff, modification in lending criteria, assistance in land acquisition and allotment, etc.

The major deterrent for the hospitality sector is Gujarat is the fact that it is a dry state - Thus, Gujarat is not able to capitalise on its leisure segment and thereby, hotels are also reluctant in investing at tourist locations and concentrate themselves to the business driven areas.

#### TGB's Business Outlook:

TGB looks forward to have its strong presence in the travel destination in Gujarat for this the company has adopted the franchisee business model to delight his valuable customers. Further, Gujarat is having privilege for the business hubs for Pharmaceutical, Chemical, Textile, Diamond and Fertilizer and other ancillary industries which create opportunities for the budget hotels in Gujarat. During the year company has started two new budget hotels "TGB Express" in Ahmedabad and Naidad as franchisee model and this year company is going to make its presence in Vapi and Jamnagar through opening of World Cuisine Restaurant in its franchisee model.

The one and half decade expertise in the outdoor catering and the banqueting segment, TGB created a niche for itself in Banqueting and Catering segment. The committed service delivery to the customers makes company to look forward extended support from its customer ahead.

TGB's response to competition is by way of our set-up of Sales & Marketing department with 4 key verticals. Namely – Hotel Sales, Marketing, Central Reservations and Customer Loyalty. Very soon, our business partners will be receiving 7 days reservations and sales support during business hours. By our 2nd year of operations, we will be offering reservations support from 0800-2200hrs and by the 3rd year, we aspire to go 24x7. In the next two years we plan to commission 5 more TGB Express brand hotels that will cater to the budget to mid-market business travel. And a new business Franchisee arm will be additional focusing in expansion of our portfolio of World Cuisine Restaurants and Cafe & Bakery out lets. The recent inclusion of the social media platform and digital marketing and dedicated and integrated sales and marketing effort of the company will adds values in the business to the company and its franchisee in coming years.

To get business in this competitive environment, the company has focused more on its core competencies and has developed more competitive advantage over its rivals.

#### **Risk and Concern:**

#### Human resource

Availability of skilled manpower is a major challenge faced by the travel and tourism industry, one of the largest employment generators in the country. To sustain growth in the travel and tourism industry, trained manpower/ workforce is required at every level - managerial, supervisory, skilled or semi-skilled. Challenges faced at each level are different. At mid and senior management levels, the industry faces talent crunch and at the front-line staff level, although human resources are adequate, a boom in other service industries such as banking, retail, airline and BPO have resulted in shortage of manpower at this level for the travel and tourism industry. Thus there is a demand-supply mismatch with respect to manpower in the travel & tourism and hospitality sector in India..

#### • Security

Security has been a major problem as well for growth of tourism for a number of years. Terrorist attacks or political unrest in different parts of the country have adversely affected sentiments of foreign tourists. Terror attacks at Mumbai in November 2008 dealt a strong blow to tourism in the country. The terror attacks raised concerns of safety. Further the online travel industry has registered robust growth, major concerns relating to security of online transactions persist. # NOTES TO CONSOLIDATED FINANCIAL STATEMENT FOR THE YEAR ENDED MARCH 31, 2014

## 1. Significant Accounting Policies

## i. Basis of preparation of Financial Statements:

The financial statements are prepared and presented under the historical cost convention on an accrual basis of accounting in accordance with generally accepted accounting principles in India and are to comply with the applicable accounting standards notified under Section 211 (3C) of the Companies (Accounting Standards) Rules, 2006 and the relevant provisions of the Companies Act, 1956, read with the General Circular 15/2013 dated 13<sup>th</sup> September 2013 of the Ministry of Corporate Affairs in respect of Section 133 of the Companies Act, 2013. The accounting policies have been consistently applied unless otherwise stated.

## ii. Use of Estimates:

The preparation of financial statements requires the management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent liabilities as at the date of the financial statements and the reported amounts of incomes and expenses during the reporting period. Difference between the actual results and estimates are recognised in the period in which the results are known or materialise.

#### iii. Principles of Consolidation:

- a) The financial statements of the Company and its subsidiary company is combined on a line-by-line basis by adding together the book values of like items of assets, liabilities, income and expenses, after fully eliminating intra-group balances and intra group transactions in accordance with Accounting standard(AS) 21 - "Consolidated Financial Statements".
- b) The difference between the costs of investment in the subsidiary, over the net assets at the time of acquisition of shares in the subsidiary is recognized in the financial statements as Goodwill or Capital Reserve as the case may be.
- c) Company holds certain rights in immovable property by virtue of equity shares held in an associate enterprise as stated in note no.2.9. Since the equity shares so held do not really present financial investment simplicities but rather the means to acquire and hold the properties for use in company's operations, the cost of acquisition of the shares is treated as cost of fixed assets and is dealt with in accordance with Accounting Standard -10. Accordingly the requirements of Accounting Standard-13 on Accounting for Investments Standard -23 on Accounting for Investments in Associates in consolidated financial statements are considered to be not applicable. Even otherwise, the actual effect on consolidated financial statement will not be contextually significant.

#### iv. Fixed Assets:

- a) Fixed Assets are stated at cost of construction or acquisition less accumulated depreciation.
- b) All other expenses including taxes, duties, freight incurred to bring the fixed assets to working condition is also treated as the cost of the fixed assets. However, cenvat availed in respect of the fixed assets is deducted from the cost of the fixed asset.
- c) Depreciation on Fixed Assets is provided on straight line method at the rates and in the manner prescribed in schedule XIV to the Companies Act, 1956.

#### v. Investments:

- a) Current investments are carried at lower of cost and market value.
- b) Long term investments are stated at cost. Provisions for diminution in value of long term investments are made, if the diminution is other than temporary.

#### vi. Impairment of Assets:

As at each Balance Sheet date, the carrying amount of fixed assets is tested for impairment so as to determine:

- a) The provision for impairment loss, if any, required or
- b) The renewal, if any, required of impairment loss recognized in previous periods. Impairment of loss is recognized when the carrying amount of an asset exceeds its recoverable amount.

#### vii. Valuation of Inventories:

- a) Inventory comprises stock of food and beverages and stores and spares and is carried at lower of cost and net realizable value. Cost includes all expenses incurred in bringing the goods to their present location and condition. Net realizable value is the estimated selling price in the ordinary course of business, less estimated cost of completion and to make the sale.
- b) Inventory of Cutlery, crockery, linen & uniform are amortised over the period of twenty four months.

#### viii. Deferred Revenue Expenditure:

- a) Deferred Revenue Expenditure related to windmill has been amortized over a period of twenty years.
- b) Deferred Revenue Expenditure other than above (i) is amortized over a period of five years.

## ix. Revenue Recognition:

- a) Income from Rooms, Banquets, and Restaurant and Other Services represents invoice value of goods sold and services rendered exclusive of all applicable taxes.
- b) Revenue from windmill energy generation is accounted for on the basis of units generated against consumption at the Hotel, taking into consideration the energy charges and fuel charges charged by Torrent Power Ltd according to PPA agreement with them.

#### x. Foreign Currency Transactions:

Transactions in Foreign Currencies are recorded at the exchange rate prevailing on the date of transaction.

## xi. Borrowing Cost:

- a) Borrowing cost is recognized as expense in the period in which these are incurred.
- b) Interest and other borrowing cost on specific borrowings, attributable to qualifying assets are capitalized.
- c) Foreign Exchange difference arising on repayment of foreign exchange term loan has been adjusted to interest cost.

## xii. Provision for Taxation and Deferred Tax:

- a) Provision for Income tax for the current year is based on the estimated taxable income for the period in accordance with the provisions of the Income Tax Act, 1961.
- b) Deferred Tax resulting from "timing difference" between book and taxable profit is accounted for using tax rates & tax laws that have been enacted or substantively enacted as on the Balance Sheet date. The deferred tax asset is recognized only to the extent that there is a reasonable certainty that the future taxable profit will be available against which the deferred tax assets can be realized.

#### xiii. Employee Benefits:

- a) Gratuity liability is a defined benefit obligation and is recorded based on actuarial valuation on projected unit credit method made at the end of the financial year. The gratuity liability and the net periodic gratuity cost is actuarially determined after considering discount rates, expected long term return on plan assets and increase in compensation levels.
- b) Company's contribution to Provident Fund and Employees State Insurance is charged to the statement of profit and loss for the year. The company has no other obligation other than contribution payable.
- c) Provision for leave salary has been made as determined by the management.
